DRAFT v0.1 for Minda: "test" chronology built only from documents we hold

Prepared by Victoria, 2 Nov 2026. Working note, not for filing. Not legal advice. Purpose: lay out what the documents show, in date order, then test the court Chronology (FC0000004) and statement v0.7 against it. Times are UK time (UTC in winter). Nothing here relies on anyone's memory.

Source key

- **DOC** = a document we hold: Minda's mailboxes (info@, minda@, invoice@), Drive case folder, Minda's own call records (MG6), WhatsApp exports.
- **MSEM** = an exhibit in MSEM's evidence package (Irina's scans of 21 Oct), read as OCR text. Dates and digits can be wrong; check the image.
- **STMT** = stated by a witness statement only, no document seen. Listed so the gaps are visible.

2. Test of the court Chronology (FC0000004)

Chronology says	Documents say	Result
Mikheil attended the 30 Jan pre-handover meeting "on behalf of Fishbone"	Only his statement describes it, as a Roath Lock kitchen meeting. No document shows what the meeting was.	**Unsupported**
2–6 Feb: several calls with Minda and Andrejus	Minda's outgoing calls: 3 Feb (two, under 30 seconds) and 5 Feb (about a minute). Mikheil's phone called Minda on 3 and 6 Feb.	**Partly supported**; "several" is not

Chronology says	Documents say	Result
9 Feb: Minda and Andrejus visited the site	No ticket, hotel or call shows a Cardiff visit. A London hotel was booked for Andrejus on 9 Feb at 12:51. His phone made no call to either of them that day.	**Unsupported**
12 Feb: handover inspection with Drulia; two subcontractors then "dispatched urgently"	**Pabis was on the 08:15 Guernsey to Portsmouth ferry on 12 Feb, arriving 15:45**, so he could not have attended the 12 Feb inspection. Drulia booked Pencoed from 13 Feb. J4's snagging email is at 15:11.	**Contradicted for Pabis**; unproven for Drulia
Mikheil "left the site" on 12 Feb and "ceased communication"	His emails of 12:57, 13:38 and 16:05 on 13 Feb, his parking bookings for Sebastian on 13 Feb, and his messages of 22 and 27 Feb.	**Contradicted**
From 14 Feb he "failed to return"	Nothing shows a request that he return.	**Unsupported**
Cost about £7,997.25	Evidenced at £8,381.94	**Supported**
Invoices 553 and 554; dispute email 18 Mar	Invoices and the 18 Mar emails are in the file	**Supported**

3. Test of v0.7

v0.7	Documents	Result
Para 12: 5 Feb 09:01 call (MG6)	Matches your records	Supported
Para 14: 10 Feb video and panel, 13:03 call, 13:35 photo (MG5)	The 13:03 call is in your records. MSEM's 10:36 call to you is not in v0.7. The video content is not yet checked against the WhatsApp export.	Needs the video
Para 17: Teams meeting on 13 Feb; arrived in Cardiff that night	Andrejus's Kings Cross room for the night of 13 Feb; no call from Mikheil to either of you that day	Needs explaining; strengthens "no go-home call"
Para 19: Pabis and Drulia told Minda on 14 Feb that Mikheil was on site on 13 Feb until about noon	His 12:57, 13:38 and 16:05 emails; Sebastian's parking from 13:00. Pabis was on the ferry until 15:45 on 12 Feb and could first reach Cardiff that night or on 13 Feb, so he may have arrived after noon and cannot have seen Mikheil leave.	Weak; consider "left on 13 Feb"; ask Pabis what he saw first-hand
Para 15: Drulia started at Roath Lock on 3 Feb, "where Sebastian Pabis was also working"	Pabis was in Guernsey (Premier Inn from 29 Jan; ferry home 12 Feb)	**Contradicted**; reword before signing
Para 20: you did not tell him to go home; 18 Feb WhatsApp unanswered	MD14 shows no 13 Feb call from his phone. On 18 Feb his phone called yours at 14:24.	Partly supported; add the 18 Feb call
Para 21: invoice figures; 552 paid 13 Feb	Matches invoice@ and MSEM	Supported
Para 23: Drulia, Pabis, Kogut, Snag Doctor, others	invoice@ and QuickBooks (Rachel)	Supported, except Kogut's confirmation

4. Gaps: documents we do not hold

1. Minda's own call records for 12, 13 and 18 Feb, and Andrejus's records (number 07966 347462).
2. The WhatsApp export for 9–13 Feb, and the 10 Feb video (MD13-V1 on MSEM's SD card).
3. Any record of where Minda and Andrejus were on 8, 9 and 13 Feb.
4. When Pabis and Kogut actually left Guernsey (booking was 29 Jan to 6 Feb; the ferry is 12 Feb), and what Pabis did between 6 and 12 Feb. Who the three adults in the Cardiff flat from 6 Feb were.

5. J4 Projects' confirmation of the cancelled 9 Feb meeting.
6. Egita Davidane's statement and ED1–ED4, ED7.
7. The 13 Feb Teams meeting time, to place it against Mikheil's departure.
8. Any reply to Egita's requests of 18 and 27 Mar.
